

Procurement Frameworks

- Provide SCG/SCOPAC contracting authorities with quick access to the market for coastal civils works, design, or specialist advice.
- Allow for flexibility to address changing work requirements, demands and pressures.
- Enable direct awards or more considered and detailed call-offs for specialist or higher value works and studies.
- Available for use by coastal authorities in the Southern RFCC and Wessex RFCC.

Professional Services Framework (PSC), 3rd Generation.

- Tenders under evaluation. Replacement due to launch January 2022.
- 4x suppliers.
- Core disciplines and activities (FCERM options appraisal and design) and also non-core disciplines for more general infrastructure.

Minor Works Framework (MWF) (3rd Generation)

- Currently out to tender. Replacement due to launch April 2022.
- Lot 1 – General Civils (4+2 suppliers)
- Lot 2- Beach Management (4+2 suppliers)
- Asset repairs, routine maintenance, smaller defence replacement works, emergency works.
